

Happy Holidays!

Tutor Story

As Student Leaders, you all impact, support, and help our New York Tech students & together we work to uplift and empower the community.

Hear from our fellow ASE Student Leader about their tutoring experience!

I've learned many things being a tutor. It made my communication skills stronger. I used be an introvert before I started tutoring, but when I interacted with students, it gave me a lot of confidence. I prepare my own material for the students so that it is easy for them to understand the concept. Instead of trying to tutor students continuously, I give them some challenging problems to make things more interesting and engaging.

- SRI VARSHINI PRIYA BITLA

Reminder before signing off

- Remember to submit all your timesheets by Thursday of this week (December 22, 2022)
- Make sure to check your email in January 2023 for any updates in preparation for the Spring semester

Unplug & Relax this winter!

- Practice SELF CARE. This can come in many different forms, but make sure to take time of doing something for YOURSELF that YOU ENJOY.
- Spend quality time with your loved ones or loved things!
- Read books that may NOT be academic.
- Stay physically active, exercise, and externalize

Highlights from Chill Hour

A PSG Event held at the LI Campus this December

55 students enjoyed this end-of-semester PSG event playing **board games**, **painting**, and **decorating cookies**!!

Great work team. See you next semester!
